

**WOLFFKRAN**

Stars in the sky

Der Leitwolf. *The leader of the pack.*

## **WOLFF. The original – made in Germany.**

WOLFFKRAN is the leader of the pack in the field of cranes. As inventor of the modern tower crane and specialists in top slewing cranes, WOLFFKRAN provides groundbreaking technology and service. A WOLFF is the centre of logistics on the construction site – designed for cost-effective and intelligent construction. You decide for a tried and tested principle and get exactly the type of crane you need to meet the requirements of your construction site. Intelligent accessories – such as foundation anchor, cross frames and city portals – create a crane system which is a safe investment for a safe future.

Furthermore, our experts will relieve you of many of the burdens of construction, even before work begins on the construction site: technical advice, construction site logistics and assembly. Our special team for the construction of multi-story buildings takes over the tasks of bracing and climbing.

As an internationally active group, WOLFFKRAN is there for you on site in all important sectors of the market: straight to the top with WOLFF!

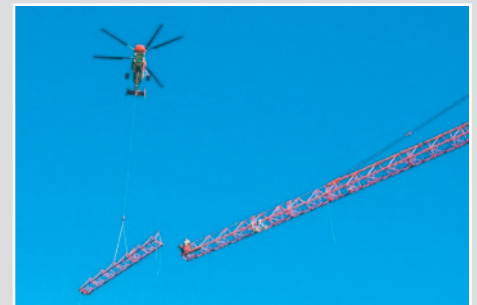

# Cranesational advantages – WOLFF original

- Top slewing specialist: trolley and luffing cranes from S to XXL
- Modular WOLFF tower system: high flexibility and investment security
- Safe and quick assembly: with the original WOLFF bolt technology
- Freestanding height over 100 m
- Additional components and slewing parts can also be provided by the large fleet of rental cranes
- Always close-by: worldwide sales network, comprehensive service & support
- High cost-effectiveness: durable top-quality product „made in Germany“, energy-saving FU technology
- All in one: development, planning, construction and production
- Reliable and long-lasting: the original

## Leader in technology and service

- BUS technology for innovative crane control
- WOLFF Boost for 10% more load carrying capacity without representing an overload hoist
- WOLFF Link for online monitoring of crane operating data and diagnostic profile information
- WOLFF Solution and Special Service: helicopter assembly, climbing, custom crane bases
- WOLFF One-Stop-Shop: technical advice, construction logistics, assembly, service and maintenance

## WOLFF trolley jib cranes: the classics

- Cranes from 200 mt to 630 mt
- Hoisting winches from 45 kW to 100 kW
- The original WOLFF tower crane with tower top for bigger loads:  
WOLFF cross Line

WOLFF Cross Line

# WOLFF trolley jib cranes: topless on top

- Cranes from 80 mt to 315 mt
- Hoisting winches from 28 kW to 75 kW
- Topless construction
- Easy to assembly and transport
- Optimal for city construction sites
- Suitable for container shipping

WOLFF Clear Line

WOLFF City Line

## WOLFF luffing jib cranes: high flyer

- Cranes from 100 mt to 1250 mt (WOLFF 1250 B)
- Hoisting winches from 37 kW to 110 kW
- Ideal for the use on construction sites with restricted space because of short rear radius
- Level luffing

WOLFF 166 B  
with a hydraulic  
luffing system

Big WOLFF 1250 B

# **WOLFFKRAN:** Between heaven and earth

**Join the pack: Welcome to WOLFFKRAN**
